About New Found Gold Corp.

New Found Gold is an emerging Canadian gold producer with assets in Newfoundland and Labrador, Canada. The Company holds a 100% interest in the Queensway Gold Project (“**Queensway**”) and Hammerdown Gold Project, which includes the Hammerdown deposit and Pine Cove milling and tailings facilities. The Company is currently focused on advancing its flagship Queensway to production and bringing the Hammerdown deposit into commercial gold production.

In July 2025, the Company completed a PEA at Queensway (see New Found Gold press release dated [July 21, 2025](#)). Recent drilling continues to yield new discoveries along strike and down dip of known gold zones, pointing to the district-scale potential that covers a +110 km strike extent along two prospective fault zones at Queensway.

Throughout 2025 New Found Gold built a new board of directors and management team and has a solid shareholder base which includes cornerstone investor Eric Sprott. The Company is focused on growth and value creation.

Forward-Looking Information

This press release contains certain “forward-looking statements” within the meaning of Canadian and United States securities legislation, including statements regarding the availability of Q1 Financials under the Company’s profile on SEDAR+ at www.sedarplus.ca, the EDGAR system of the SEC at www.sec.gov, and on the Company’s website at www.newfoundgold.ca; the Company’s focus on advancing Queensway to production and bringing the Hammerdown deposit into commercial gold production; statements regarding recent drilling results and the district-scale potential that covers a +110 km strike extent along two prospective fault zones at Queensway; and the Company’s focus on grow and value creation. Although the Company believes that such statements are reasonable, it can give no assurance that such expectations will prove to be correct. Forward-looking statements are statements that are not historical facts; they are generally, but not always, identified by the words “expects”, “plans”, “anticipates”, “believes”, “interpreted”, “intends”, “estimates”, “projects”, “aims”, “suggests”, “indicate”, “often”, “target”, “future”, “likely”, “pending”, “potential”, “encouraging”, “goal”, “objective”, “prospective”, “possibly”, “preliminary”, and similar expressions, or that events or conditions “will”, “would”, “may”, “can”, “could” or “should” occur, or are those statements, which, by their nature, refer to future events. The Company cautions that forward-looking statements are based on the beliefs, estimates and opinions of the Company’s management on the date the statements are made, and they involve a number of risks and uncertainties. Consequently, there can be no assurances that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Except to the extent required by applicable securities laws and the policies of the TSX Venture Exchange and NYSE American, the Company undertakes no obligation to update these forward-looking statements if management’s beliefs, estimates or opinions, or other factors, should change. Factors that could cause future results to differ materially from those anticipated in these forward-looking statements include risks associated with the Company’s ability to complete exploration and drilling programs as expected, possible accidents and other risks associated with mineral exploration operations, the risk that the Company will encounter unanticipated geological factors, risks associated with the interpretation of exploration results and the results of the metallurgical testing program, the possibility that the Company may not be able to secure permitting and other governmental clearances necessary to carry out the Company’s exploration plans, the risk that the Company will not be able to raise sufficient funds to carry out its business plans, and the risk of political uncertainties and regulatory or legal changes that might interfere with the Company’s business and prospects. The reader is urged to refer to the Company’s Annual Information Form and Management’s Discussion and Analysis, publicly available through the Canadian Securities Administrators’ System for Electronic Document Analysis and Retrieval (SEDAR+) at www.sedarplus.ca and on the website of the United States Securities and Exchange Commission at www.sec.gov for a more complete discussion of such risk factors and their potential effects.
