

Discover New Career Opportunities with New Found Gold!

We are Hiring – Electrician (Casual, Call in)

Pine Cove Mill, Ming's Bight, NL

At New Found Gold, we're on a mission to uncover the treasures hidden beneath the Earth's surface. As a leading gold exploration company with the Queensway Gold Project, as well as the recently acquired Hammerdown Operation, Pine Cove Mill, we combine cutting-edge technology with geological expertise to discover and develop world-class mineral resources. Our values—Leadership, Safety, Sustainability, Community and Courage—guide every step of our journey. The company is committed to responsible exploration and mining, leveraging strong infrastructure and a skilled local workforce in Newfoundland and Labrador.

We are seeking motivated and safety-focused individuals to join our team as casual, call in **Electrician** at the Pine Cove Mill in Ming's Bight, NL. This is an excellent opportunity to build a long-term career in mineral processing within a supportive team environment that values training, collaboration, and operational excellence. If you take pride in working safely, learning complex systems, and contributing to a high-performing operation, we want to hear from you.

As an Electrician, you'll be part of a dynamic team. Reporting to the Electrical Supervisor, the Electrician engages in a variety of duties and responsibilities. Your responsibilities will include:

- Adhere to and support all health, safety and environmental rules and procedures and company policies.
- Install electrical systems and related electrical equipment.
- Read and interpret drawings, blueprints, schematics, and electrical code specifications to determine layout of industrial electrical equipment installations.
- Perform duties in accordance with all applicable federal and provincial safety laws and regulations, and all applicable company safety rules and operating procedures.
- Follow safe work systems and practices, identify and manage risk in all aspects of work to maintain a safe working environment.
- Other related duties as assigned.

What You Bring to the Field:

- Minimum Third Year Electrical Apprentice up to Journey person certification
- Valid Class 5 driver's license
- Experience in an industrial, mining, mill, or processing environment is considered an asset
- Ability to read and interpret electrical drawings, schematics, and code specifications
- Strong commitment to health, safety, and environmental practices
- Ability to troubleshoot, maintain, and repair electrical systems and equipment
- Mechanical aptitude and ability to follow operating procedures
- Physically able to perform demanding work, including lifting, bending, standing, and working outdoors
- Willingness and availability to work on a casual, call-in basis

TSX-V: NFG | NYSE-A: NFGC

Working Conditions:

- Long periods of standing.
- Heavy lifting up to 50lbs.
- Use of small tools and equipment.
- Walking and working on uneven terrain.
- Exposure to outdoor environments, including extreme heat, cold, and inclement weather.

The Terrain Ahead:

- Work Environment: Remote sites, travel required, rugged terrain, seasonal weather.
- Employment Type: Casual, call in
- Location: Pine Cove Mill, Ming's Bight, NL
- Posting Date: July 30, 2026
